   Cynthia Christie
   Rilla Buckley
   Marsha Bell

   Absent
   Sen campbell
   Yuriy Chorny

   Guests
   Tony Rainbow
   Mark Mccune

3) Agenda – Rilla approved, Cynthia seconded

4) Minutes - June minutes – deferred, September 3rd, 2026

5)Reports

a) SLRD Report – Tony
   Lamp posts
   The Lamp posts are the responsibility of the SLRD not FCCA
   Historically, it has been the FCCA being good neighbours and helping the SLRD monitor the lamp posts. It makes sense for the FCCA to continue to help the SLRD and monitor the lamp posts as every visit by the SLRD costs money.
   Tony will ask the SLRD to replace bulbs when requested but also inspect and repair all lamp posts while they are here.

Sidewalks

Originally the developer put in sidewalks without SLRD permission, this is why SLRD will not be responsible for repairing them.
FCCA was approved grant money by the SLRD to fix the sidewalks
FCCA can hire the company they choose with the money they have been given
FRQ has gone out to several companies

AED's
2 AED's for Furry Creek – a work in progress

Road Salt and Water Issues
Jorli asked about the water issues and the road salt issues – he was told to reach out to Omar Butt about the water issues and Miller Cap regarding the road salt.

b) BTOS – Brian Moorhead

Update on Caretaker Program – Brian
Caretaker program going very well
Brian has to lay him off for a month while waiting for the Caretaker funds from the SLRD

c)Update on Emergency Preparedness Manual – Sen – deferred

d) Financial – Yuriy – deferred

e) Social – Marsha
Reviewed the upcoming social events
